

BioFeeder™ S-Series

AUTOMATIC FERTILIZER FEEDER

Applying Biofeed® Fertilizers just got easy & automatic.
Feed your entire landscape every time you irrigate!

BioFeeder™ S-Series: Designed for simple installation above or below ground. Includes a top quality stainless steel holding tank available in 2 & 5 gallon sizes. Easy to install, so you don't have to cut into your water line. BioFeeder™ S-Series are non-electric and operate when water flow is present in the main line.

Model S-2

Designed for use with Biofeed® Fertilizers only. Patent Pending.

Injectable Biofeed® Fertilizers for BioFeeder™ Refills

Soil-Plus™

SOIL & PLANT MANAGEMENT SYSTEM 7-0-0

A dynamic soil and plant additive which contains a concentrate of Biofeed® ACT® that effectively chelates and delivers nutrients to plants and soils. Soil-Plus™ reduces sodium toxicity, oxygenates the soil, and enhances nutrient mobility and root uptake. Apply Soil-Plus™ using a hose-end applicator, power sprayer, automatic fertigation system—alone or with liquid fertilizers—or apply over the top of dry fertilizers to enhance your fertilizer program.

Nutra-Plus™

MULTI-PURPOSE FERTILIZER 8-2-4

A multi-purpose fertilizer that provides a balanced blend of primary nutrients plus Biofeed® ACT® for efficient absorption of these essential nutrients. Nutra-Plus™ promotes balanced leaf, stem and root growth of all plants, trees and grasses. Apply Nutra-Plus™ using a hose-end applicator, power sprayer, or through automatic fertigation systems.

Turf-Plus™

ALL WARM & COOL SEASON GRASSES 24-0-2

A concentrated high nitrogen nutrient blend with added potassium, Turf-Plus™ promotes vigorous, healthier leaf, stem and root growth, while it helps to condition and soften the soil. Apply Turf-Plus™ using a hose-end applicator, power sprayer, or through automatic fertigation systems.
